

RECORDER FEE SCHEDULE

(revised March 17, 2005)

GIS Parcel Shapefile: **\$500 for private organizations**
\$50 for government agencies

Shapefile of Salt Lake County parcel layer including parcel number, parcel ownership, mailing address, property address, and acreage.

GIS Parcel Shapefile with quarterly updates: **\$2000 annually for private organizations**
No charge for government agencies

Requires an annual agreement. Includes quarterly updates to the parcel shapefile. The first dataset is available after the tax roll has been finalized in April or May. It includes has an expanded set of attributes with some assessment information. The remaining three updates will be released at three month intervals. They will include parcel number, ownership, mailing and location addresses and acreage. All of the updates will be distributed via FTP. Government agencies will receive a subset of the county that covers the necessary areas – typically the government boundary with a 1000 foot buffer.

Custom Parcel Shapefile: **\$30 fee plus \$0.01 per parcel**

Shapefile of a subset of Salt Lake County as described by the requestor. Dataset includes parcel number, parcel ownership, mailing address, property address, and acreage.

GIS Sections: **\$10 subscriber download or \$15 on CD**

Spatial data is line work only. No attribute information is included. This data is available in .e00 or .dxf format. Annotation is not included with .dxf.

Custom GIS Map Request: **\$75 per hour (2 hr. min.) plus \$5 per ft²**

Requestor must provide a detailed description of their needs.

Ownership information table: **\$30 fee plus \$0.01 per parcel**

Ownership information for the requested area will be provided in an excel table.

Tax Plats: **\$1 subscriber download or \$5 for paper copy**

Subdivision Plats: **\$2 subscriber download, \$5 for paper copy**

Document Images: **\$0.014 cent per record (Averages \$50 - \$200 per day)**

Images of all documents recorded each day, distributed daily. Available by subscription only.
